A CHANCE FOR SCOUTS

W. B. Dillard Makes Patriotic Offer to Boys.

We have received the following letter from W. B. Dillard which should be of interest to all Boy Scouts in the county or state:

"Editor of the Mist:
"I have 80 acres, half mile east of Surf station at Seaside, Ore., which would afford fine camping grounds for Boy Scouts. There is only a trail to it, but it is sufficiently close to the beach for early morning shell-fish excursions, and is convenient to good trout and other fishing. There are vacant houses that could be used in inclement weather; plenty of wood, mountain water and potatoes.
"It is all free to any Boy Scouts Columbia county, and, except as to the potatoes, is free to any Boy Scouts of Oregon.
"Probably you could favor some of these lads by mentioning this fact. A letter to me, addressed to St. Helens or Seaside, would insure any additional information in my power.
"W. B. DILLARD,
"Seaside, June 27, 1917."

It is a good plan not to eat when you are hurried.
When you are troubled.
When you have no appetite.
When you are laboring under any strain of mind.
When you can not lay aside every care and give yourself up to leisure by enjoyment of the meal.

Northern visitor, in Georgia—I see you raise hogs almost exclusively about here. Do you find they pay better than corn and potatoes?

Native, slowly—Wal, no; but yer see, stranger, hogs don't need hoe-

BACHELOR FLAT

The Bachelor Flat Christian Endeavor gave its first party Saturday evening, which proved to be a great success. A number of outside guests from Portland and also Warren were invited. Mr. and Mrs. Dave Coons acted as chaperones and conducted their part in a very accredited manner. The evening was spent in playing games, after which a most delicious lunch was served which everyone most heartily enjoyed. After this each one departed for their homes, some in Fords, others in a car, while some thought walking was good.

WHAT makes tobacco good is the sap there is in the leaf to start with and the way it's cured—some tobacco is sappier than others. If you take a big chew of W-B CUT, you may find it too rich for you. Take a little chew—it's made of fine, sappy, leaf; there's a lot of tobacco satisfaction stored away in it. The touch of salt brings it out, without so much chewing; and a little chew lasts and satisfies.
